

2017.02.08

We would like to congratulate Tarifa Team for the excellent organization of our easterneuropean annual innovation conference. Throughout the whole period of preparation and execution of the event we could count on them and feel their support, especially in the last moments of the organization, in the time just before the event.

The company was well prepared and took care of even the smallest details, what allowed us to fully enjoy our project and event. Particularly praiseworthy was the attitude of coordinators and their support in each situation.

Our guests from all over Europe were delighted they could participate in such a wonderful event. We are very pleased with our cooperation with Tarifa Corporate Events.
